

Draw and Play Offs Explanation

- Each Grade (A and B) is split into either one pool (round robin then play offs), 2 pools (round robin within a pool then play offs vs other pool) or 4 pools (3 weeks of round robin within a pool then split into new pools: 2 new pools of top 2 teams (1st and 2nd team with the most point in each pool) and 2 pools of bottom 2 teams (3rd and 4th team with the lowest point in each pool) in order to play 3 more round robin matches then play offs vs other pool)
- The only criterion is to split teams from the same school/club evenly between pools where possible.
- There are a total of 6 weeks of matches for all teams, not including play offs and finals weekend. All grades will play 6 rounds over 6 weekends with week 7 being play offs.
- Each pool will start with 5-6 weeks of round robin matches, depending on the age and grade (playing every other team in the pool).
- All points each week are recorded. Teams will get one point for every match won, and bonus 2 points if they win the tie.
